

What about us?

Working with young people to make the best of school and college

YOUR PERMISSION

	I want to take part in this project, trying out ideas to help young people belong at school and college.	
	I know I can say 'NO' to the project at anytime.	
	I am happy to share my ideas - maybe with photos, a diary, tape or video clips.	
	I am happy to talk to other people to get their ideas, for example, my classmates, teachers or support staff.	
	I know that my name will not be used when we tell people about the project.	
	I know who to talk to if I want help or support with the project.	
	I want to join in. I understand and agree to all of the things I have ticked.
